Close: H 84" D 32" W 60"
Open: H 84" D 36" W 112"

Designer: Jay Payne

Finishes: All the Prince of Whales collection finishes available

Material: Wood frame

Fully integrated and void of extraneous space, a stand alone work of art that with a

light finger touch, opens into a complete entertainment center/storage cabinet. You will be amazed not only by the amount of CD's, DVD's and VHS video tapes you can store but by the highly a sophisticated audio, video and plasma display technology that can be ordered with it. Curved, carved panel doors compliment the round design and make a large piece of furniture feel small and unobtrusive.

Available in all the "Prince of Whales" Collection Finishes.
