

## WHIMSEY CABINET

**Dimension:** H 41" D 30" W 86"     **Designer:** Jay Payne

**Materials:** Wood frame with various kinds of cabinet top

**Finishes:** Multicolor

"Designed originally for serving breakfast it evolved as a multifunctional storage/entertainment cabinet. The amount of storage capacity will surprise you. The center area will hold large bulky sweaters, bedspreads and linens or stacked A/V equipment large enough for rack mount. A combination of drawers and shelves allow multiple uses limited only by your imagination. Curved, hand carved doors hide your personal items in a practical yet whimsical work of art that will beautify any room of the house."
